LED Light Technology's 2X2 LED Retrofit Kit Installation

Before

After

LED Light Technology's 25 Watt 2x2 LED Retrofit Kit updated an Atlanta buildings existing 80 watt 2x2 fluorescent fixtures that had constant burn-outs lamp & ballast replacements. The return on investment is substantial and based upon the corporation retrofitting all of the existing fixtures in the building. The LED 2x2 Retrofit fixtures will eliminate maintenance for the useful life of 16 years or 50,000 hours.

Building ROI Savings:

Energy Savings: \$8,291,677

Maintenance Savings: \$18,324,360

HVAC Savings: \$5,527,78

Net Savings: \$24,847,822 and an IRR/Simple Payback of 105.6% in 2.5 Years when converting to LEDs.
