

LED Light Tech[®]

2x4 LED Troffer

Rated up to 50,000 hours at 70% lumen maintenance our LED Troffer offers years of service and reduce energy and maintenance costs. LED Troffers are environmentally preferred products because they are RoHS compliant, containing no mercury, lead or other hazardous materials. They also emit no UV or IR radiation. The high CRI ensures greater color definition and with a choice of nature white (4000K) or cold white (5000K) CCT. The Troffer can be used in many applications, including office, commercial, and medical.

Our 2x4 is equivalent to a 4 bulb T8 fluorescent. Customers replacing fixtures using fewer bulbs have the option of decreasing the light output by adding a dimmable option.

- **Input voltage: 110-277**
- **Average Rated Life (hrs): 42,000**
- **Typical Lumens: 5,000K: 4200**
 4,000K: 4000
- **CCT: 5000K or 4000K**
- **CRI: 80**
- **Power Factor: 0.9**
- **RoHS Compliant, UV IR and Mercury Free**
- **Dimmable Option**
- **UL1993 Listed**
- **Available in 4000K or 5,000K.**
- **Operating Temperature: -4F° to +104°F**
 (-20°C-40°C)
- **Dimensions: L: 47.6in. W: 23.8in.**
 H: 3.6in.
- **Indoor Use/Dry location Only**
- **Not for use with emergency light fixtures or exit lights.**
