

LED Light Tech™

DL36 15 Watt 4inch Downlight

LED Light Technology's DL36 4inch is a 15W commercial LED fixture which is designed with CREE COB LED chip. Utilization of a high efficient reflector helps to provide excellent lumen output. 4 inch, 6inch, 8 inch and 10 inch sizes are available with wattage varies from 15W to 50W to encompass all types of applications. This fixture is 0-10V dimmable. UL and Energy Star approved.

SPECIFICATIONS:

- Wattage: 15 Watts± 5%
- No Load Wattage: ≤1W
- Power Factor: ≥ 0.9
- Rated Input Current: ≤0.1A
- No Load Output Voltage: DC36V
- No Load Output Voltage Range: DC30-36V
- Full Load Output Voltage: DC30-42V
- Rated Output Current: 350mA
- Output Current Range: 350mA±6%
- Power Tolerance: ±5%
- Current Output Tolerance: ±5%
- Input Voltage: 100-277VAC
- Color Temperatures: 2700K, 3000K, 4000K, 5000K
- Lumen Output:
 - 3000K 960lm
 - 4000K: 1000lm
 - 5000K: 1020 lm
- Dimming Range: 8%-100%
- 0~10V dimming driver
- Withstand Voltage: AC3750V
- 40° wide beam angle
- CRI≤83
- Frequency 50-60Hz

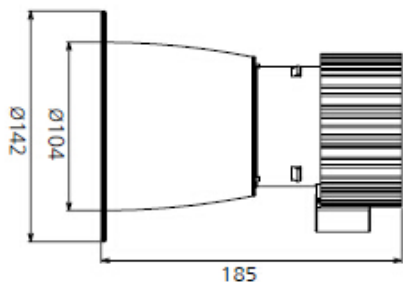

FEATURES AND BENEFITS:

- Efficiency: $\geq 85\%$
- No UV/IR light
- Environment friendly, without Mercury or any other hazardous substances
- 5 Year Warranty
- Long lifetime of 36,000 hours
- Up to 70% energy saving compared to halogen lamp
